SPRI Welcomes Six New Members

Waltham, MA, May 2007 — SPRI, the association representing sheet membrane and component suppliers to the commercial roofing industry, recently welcomed six new members to the association:

Alpha Systems Inc., Elkhart, IN;
Crenshaw Consulting Group, LP, Hobbs, NM;
Huber Engineered Materials, Atlanta, GA;
Mule-Hide Products Co. Inc., Beloit, WI;
Soprema, Wadsworth, OH;
and **Trinity ERD**, Columbia SC.

The new additions bring SPRI's membership to well over 60 manufacturers and raw materials and components suppliers, as well as consultants, architectural firms, distributors and other companies active in the single-ply roofing market.

“SPRI is pleased to welcome our latest members to the association, said Mark DeFreitas, SPRI president. “These new members represent all classes of SPRI membership: system suppliers, component and raw materials suppliers, and consultants and testing agencies.

“It is the cooperative efforts of our membership representing a variety of interests and knowledge areas from the industry that enables SPRI to provide a true forum for solving problems and improving flexible membrane roofing system performance,” continued DeFreitas, who is a sales manager for Siplast Inc., Irving, TX.

SPRI is also celebrating its 25th anniversary in 2007. For more information about SPRI and its activities, visit its Web site at www.spri.org, or contact the association at info@spri.org.
